YOUR DESTINATION ✧ BEGINS HERE

Transign's LED Destinator® (IPS) interior passenger signage combined with Intermotives FlexSpeak ADA ™ offers a Complete Bus Stop Announcement System

- Automated audio/visual voice annunciator system provides an improved transit experience for ALL passengers
- Automatically broadcasts bus route and safety information with VERBAL and VISIBLE communications
- Complete system is fully compliant with the Americans with Disabilities Act (ADA) stop announcement regulations
- Integrated GPS unit delivers accurate location details to automatically trigger system messages
- Connects to the vehicle's public address (PA) speaker system for passenger audio announcements
- System interfaces with in-vehicle destination sign (included) and activates display to show corresponding messages
- Fixed route stop locations and messages are easily configured using the FlexSpeak programming utility software
- Audio files are created with a natural voice text-to-speech converter; dual language capability
- Recommend adding a Public Announcement (PA) system to allow for better audio coverage throughout vehicle

FlexSpeak ADA Complete System package includes:

➤ Speaker Module kit with GPS

➤ Transign LED Destinator® IPS-Interior Passenger Sign

➤ Micro SD card and card reader

➤ Access to programming utility and bus stop selector web app

➤ Recommendations and instructions for creating audio files

➤ Tutorial videos

➤ Tech support

SAFETY FIRST

In 2009, the American Public Transportation Association (APTA) put a high priority on minimizing driver distractions and interruptions caused by electronic equipment (visit www.apta.com/resources/standards for more information). In pursuit of this goal, Transign makes the most affordable and effective hands-free solution available, suitable for all fixed-route fleets, both large and small.
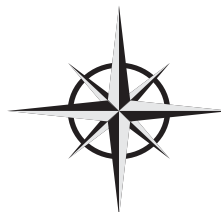

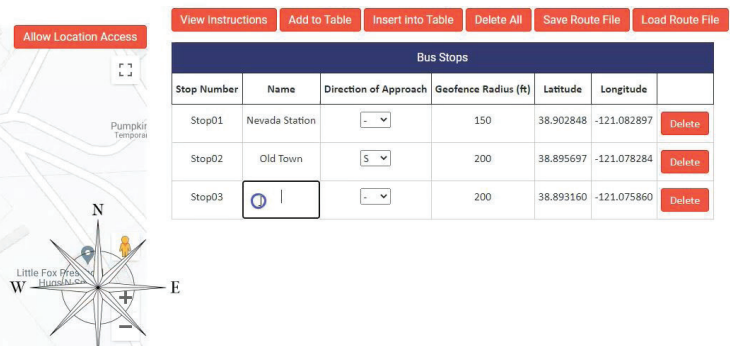

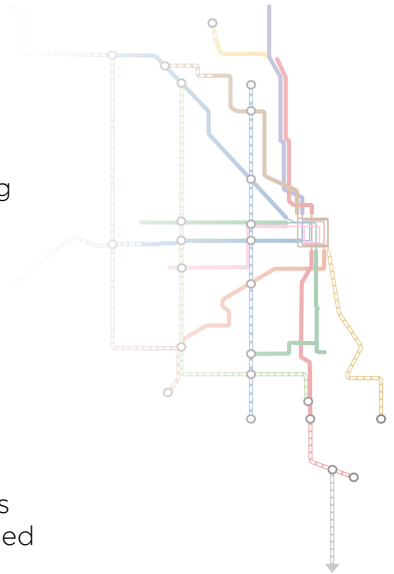

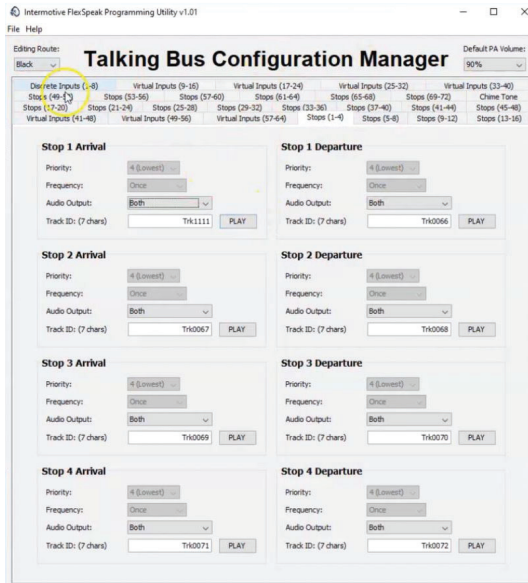

COMMITTED TO EXCELLENCE

Established in 1959, Transign is a leading provider of high-quality signage for the transit industry. We remain committed to providing world-class U.S. based customer service and technical support.

SERVING THE TRANSIT INDUSTRY FOR 60 YEARS

LED DESTINATOR® LIFETIME WARRANTY

WARRANTY

With a warranty that outlasts the life of most vehicles (100,000 hours at full brightness), our signs will exceed expectations in reliability and performance.
